CHANNELING THE MOMENTUM

SPONSORS

Our sponsors donated to our Inside Ride to End Cancer event and we, in turn, donated to their bike ride to end cancer.

Every year we hold a celebration dinner to celebrate our team's achievements and show our appreciation for our sponsors

OUTREACH

2056 holds LEGO events at our local elementary schools, YMCA, local library, and out of our own school

Our school board asked us to create a curriculum centred around FIRST including running workshops for the elementary Gifted Program

We have started two FLL teams this year, Team 1714 from Mountainview Elementary and Team 2313 from Eastdale Elementary

Members of our team travelled to the Dominican Republic to deliver 4 new LEGO kits and 5 new laptops to the Nest of Love School

STUDENTS

100% of our students have gone on to post-secondary education, with 90% of our graduates pursuing careers in STEM fields

Our alumni have won two Volunteer of the Year awards and a Dean's List Finalist Award

Past graduates have served in leadership positions on the Waterloo Regional Planning Committee, and held roles like Lead Robot Inspector and Volunteer Coordinator.

COMMUNITY

We worked with the Canadian Diabetes Association to collect over 2000 pounds of gently used clothing

We worked with our local firefighter hall to collect over 7000 pounds of canned food

We are running an ongoing recycling drive, collecting recyclables from our local community that we sort and dispose of properly

Our team was recognized by the Stoney Creek Chamber of Commerce for our efforts to continue to serve our community in new and innovative ways

SCHOOL

We have raised over $12,000 of the $30,000 raised by our school to be donated to Coast to Coast, a charity that helps children and families affected by cancer.

We hosted a pep rally before our team left for St Louis last year to raise spirit throughout our school

SCRF

The Steel City Robotics Federation is made up of FRC Teams 2056, 4039, 4618, 5406 and FLL Teams 1714 and 2313

2056

Our program won national acclaim when lead mentor, Stan Hunter, was awarded the

PRIME MINISTER'S AWARD FOR TEACHING EXCELLENCE
